After a significant snow fall, vehicles will need to be removed while snow removal takes place from 7am to 9am.

There is a limited amount of reserved parking spots per location, all permits are issued on a “first-come-first-serve” basis for all locations. If none are left for a parking location, you must choose another location.

Parking permits are issued in reference to the license plate number and are not transferable from persons or vehicles. However, one parking permit can be issued for up to two different license plate numbers for different cars owned by the same permit holder, if the plates are registered at the time of permit purchase.
