GOALS OF THE NORTH GLENGARRY FIRE DEPARTMENT

The North Glengarry Fire Service is a rural operation, led by a Chief. It is comprised 3 Stations, Station 1 - Alexandria, Station 2 - Apple Hill, and Station 3 - Maxville. Each station has a District Chief and Senior Captain with approximately 25 volunteer firefighters. The goal of the Fire Department is to provide fire protection services through a range of programs designed to protect the lives and property of the inhabitants from the adverse effects of fires, sudden medical emergencies, or exposure to dangerous conditions created by humans or nature; first to the Township; second to those Townships requiring assistance through authorized emergency fire service plan and program (mutual aid) activities and automatic aid agreements.

NATURE OF OUR BUSINESS

Firefighting is one of the most diverse and challenging professions known today. It is this diversity that inspires most individuals to enter the service, both as volunteers and career firefighters. Imagine having to train to prepare yourself to cope with situations which range from structure fires, vehicle collisions, hazardous chemical spills, heart attacks and almost any imaginable emergency situation in between. This diversity coupled with the fact that your skills may be needed at any time of day, seven days a week, in any kind of weather, and very often under potentially stressful and emotional circumstances, makes your contribution to your profession very personally rewarding.

Two basic purposes of the public fire service are firstly, to prevent fires or emergencies from occurring through fire prevention inspections, fire safety education, and code enforcement programs. Secondly, we are here to prepare ourselves to control fires or emergencies should prevention not prevail, through education, pre-incident planning, and extensive training with state of the art equipment.

This type of work is not for everyone. You need more than just a desire to help people. You also need courage and dedication, compassion, assertiveness, and a willingness to learn new skills and face new challenges. The Fire Department is not for the meek or timid or for those who lose control of their emotions during times of crisis. Our service is one which calls on its members to perform hot, sweaty, dirty, strenuous work, often in uncertain and hazardous environments.

The personal rewards and satisfaction received from being involved in a Volunteer Fire Department are often beyond description. There is a sense of accomplishment after controlling a building fire, compassion for accident victims, and fulfillment in teaching fire safety. The list could go on and on.

PRIMARY OBJECTIVES OF THE FIRE DEPARTMENT

In order to achieve the goals of the Fire Department, the following objectives have been established:

1. Identify and review the fire protection service requirements of the municipality.
2. Provide an administrative process consistent with the needs of the department.
3. Ensure that the firefighting equipment and operating personnel are available and trained to provide adequate response to an emergency or non-emergency call within a reasonable length of time.
4. Provide department training to an accepted standard which will ensure the continuous up-grading of all personnel in the latest techniques of fire prevention, firefighting and control of emergency situations and to co-operate with other municipal departments with respect to management training and other programs.
5. Provide a maintenance program to ensure that all fire protection apparatus, including all equipment, is ready to respond to emergency calls.
6. Provide an effective fire prevention program to:
 - (a) Ensure, through plan examination and inspection, compliance with applicable municipal, provincial, and federal fire prevention statutes, codes and regulations
 - (b) Reduce and/or eliminate fire hazards
7. Develop and maintain effective public information systems and educational programs, with particular emphasis on school fire safety programs.
8. Ensure, in the event of a major catastrophe in the municipality, that assistance to cope with the situation is available from outside departments and other agencies.
9. Develop and maintain a good working relationship with all federal, provincial, and municipal departments, utilities, and agencies, relating to the protection of life and property.
10. Interact and co-operate with other departments of the corporation regarding the aspects of fire protection or any given program.

TRAINING AND PARTICIPATION

Over the years, the fire service has evolved into a public safety agency providing highly technical and diverse services. The general public has come to rely on the Fire Department as the “first responder” not only when life and property are threatened by human or natural disasters, but for seemingly smaller problems as well.

To ensure that all members of the Fire Department are prepared to deliver the best level of services, training standards have been developed to provide each member with the skills, knowledge, and abilities necessary to deliver fire and emergency services to the citizens of the Township.

Training Requirements

All probationary firefighter hired will be required to complete and successfully pass all written, oral and physical examinations including certification as Firefighter I & II in accordance with NFPA 1001, *Standard for Fire Fighter Professional Qualifications* and to the satisfaction of the Fire Chief. Recruit will be required to take part in the training program taught by training officers, regardless of whether the individual may have prior training or experience. All probationary firefighters will be required to attend training sessions as outlined by the Fire Chief.

Probationary firefighters may begin responding to emergency calls as per direction of the Fire Chief or Designate. However, they must wear “Recruit helmet” as probationary designation and assist fully-qualified firefighters only when proper supervision is provided. The probationary designation identifies the person as a member-in-training. New members shall wear a probationary designation during the probation period. Probationary firefighters will only work with senior firefighters during calls. Length of probation will be 1 year unless it is deemed by the Fire Chief that an extension is required as recommended by the training officers.

Training is provided in accordance with accredited standards, such as those of the National Fire Protection Association.
